

1. **Wind Speed/Drift Mitigation:** Met with Jonathan 11/21 to discuss data and met with team 11/25 to discuss data refinement, scope of memo, and next steps.
To-do: refine site selections, set up early Dec. meeting with Bish and Bradley from Missouri (Bill), start drafting SOP for getting and analyzing adequate data for impacts for PIDs on chemicals with proposed maximum wind speed limits.
2. **Thiabendazole:** PRD returned BEAD's drop-in piece with minor edits/questions on 11/18; BEAD team addressed and resubmitted to PRD 11/19.
3. **Aldicarb new use on citrus:** Erin Koch (OGC) returned document with few minor comments 11/18, which BEAD team addressed. BEAD team members attended a meeting with members of RD, HED, and EFED on 11/20. BEAD addressed questions

Ex. 5 Deliberative Process (DP)

4. **Ipflufenquin Reduced Risk:** Sent back for signatures after addressing edit on 11/18.
